

# Lasswade High School

## Extra-Curricular Activities & Study Support

The school is proud of the incredible amount of extra-curricular and study support activity that it offers pupils during the academic year. "Learning beyond the classroom" is a vital part of the School's "Curriculum for Excellence". I hope that all parents/carers will encourage their children to become involved in the sporting, musical, cultural and academic programmes on offer from our highly committed and professional staff.

*Mr Alan Williamson, Headmaster*
