Trainee Project Engineers in Mechanical HVAC Building Services

We are looking to recruit two Trainee Project Engineers (Mechanical Division) within our office in Loanhead. The successful applicants will be predominantly based in our Mechanical Projects department, however, they will rotate between the Projects, Design and Estimating departments for further learning. The role will require working closely with a Project Manager to allow the individuals to gain knowledge and experience to assist in the successful delivery of Mechanical and Electrical projects from the initial design and survey stage, right through until client project hand over. Upon completion of one year office based learning the successful applicants will have an opportunity to further develop their learning by undertaking an HNC in Building Services Engineering.

Requirements

Applicants should preferably have, or expect to achieve Highers in Maths, English and Physics or Technical Studies. Applicants should also have good computing skills and a knowledge of Excel and Word.

How to apply

Send your CV and covering letter to lynne.young@arthur-mckay.com noting "***TRAINEEHVAC***" in the subject box. For full job description go to http://www.arthur-mckay.com/careers/trainee-hvac-engineer-edinburgh
