

# EMPLOYABILITY

## Parental Employability Support (PES)

Are you a  
Midlothian  
parent?

Would you  
like to  
increase  
your income?

PES (Parental Employment Support) is a project that was created to support families in Midlothian. We believe that having access to the right skills and training is essential for people who want to increase their in-work development or gain employment.

### **Do you want to progress in your work or into employment, but not sure how?**

We can offer you 1:1 support with a Key Worker, who can help support you with identifying career goals, job searching and interview skills, developing new skills to improve your future career opportunities.

### **Are you looking for more working hours?**

We can support you to gain skills or qualifications to increase your working hours and have a better chance of pay increase.

### **Is it time for a change?**

We can support you to use your skills in a new career, to upskill within your current role or to have a complete change in direction.

### **Is money a struggle?**

Speak to us in confidence where we as Key Workers can help you or direct you to the appropriate service for support, help and advice.
